Your business electricity bill explained

1. Here's who to contact for help

For queries about your electricity account, or tailored assistance and advice, visit powerdirect.com.au or call us.

If you experience a power outage or an unexpected loss of energy supply to your property, we've made it easy for you to find the contact number for your distribution company, listed here under faults and emergencies. Your Distributor is responsible for the poles, wires and reliability of energy supply in your area, and is best placed to provide assistance.

2. Your account details for handy reference

Your account number shown here is specific to your electricity account, and you should quote it when you contact us with any queries.

If you need to make any changes to your business details, just give us a call.

3. Your average daily usage and costs

In this section, you can see how much electricity your business is using.

The graph displays your average electricity usage and costs over the past 13 months. The Snapshot shows a summary of your average daily costs and usage for the specific billing period, and your average usage at the same time last year so you can see if it has changed.

Notice a difference in your average daily usage? There are several factors which could change your business's average daily usage, such as the installation of new electrical equipment or a shift in usage patterns.

4. Clearly see what to pay and when

Your bill overview shows the balance brought forward (any amount carried over from previous bills, which may include any unpaid balance or credits). This is added to your new charges for this billing period to arrive at the total amount due.

Please note that overdue amounts from previous bills may have a different due date, which will be shown in this section and on the back of your bill.

If you make your payments by Direct Debit or Bill Smoothing, you'll see your payment date, amount and frequency listed.

5. Helpful information

This is where you'll find useful information about our products and services.

6. Compare energy plans

We'll regularly check our generally available plans against your past energy use to see if you're on one of our low-cost plans.

We'll let you know if another Powerdirect plan could save you more and how much you may save by switching. If you're already on one of our low-cost plans, we'll let you know that too.

Compare energy plans Visit compare.energy.vic.gov.au to compare other plans available in your area.

*This comparison is based on the rates and/or discounts applicable to your current plan and our generally available offers as at 1 June 2020. If we don't have 12 months of usage data, we've estimated your usage based on a similar sized premises. This comparison does not factor in one-off benefits, fees and other charges such as green or ancillary charges.

Your electricity supply details.

Page 2 of 2

Supply address: 123 Sample Street SAMPLETOWN VIC 3000
Supply period: 17 Dec 2019 to 19 Mar 2020 (94 days)
NMI: 41022733918

Meter no.	Read type	kWh
330408	Actual	1,298.563
330408	Actual	451.114
330408	Actual	810.396

Your electricity usage is measured by an interval meter, this means that you will not see a start or end reading on your bill. Instead, the total amount of your electricity usage is shown. Your next meter read is due between **20 Jun 20 and 24 Jun 20**. Please ensure easy access to your meter on these days.

How we've worked out your bill.

Previous balance and payments.	Total
Previous balance	\$1,273.00
24 Mar 20 payment	\$1,273.00cr
Balance brought forward	\$0.00

New charges and credits.

Usage and supply charges	Units	Price	Amount
Peak	451.114kWh	\$0.432	\$194.88
Off Peak	810.396kWh	\$0.0961	\$77.88
Shoulder	1298.563kWh	\$0.1948	\$252.96
Supply charge	94 days	\$1.5375	\$144.53

Other charges

Total charges	+	\$670.25
Total new charges and credits	=	\$670.25
Total GST included in new charges and credits	+	\$67.03

Total due
(includes GST) = **\$737.28**

All items subject to and inclusive of GST.

7. Important information

Here you'll find information about payment assistance, interpreters, moving your electricity to a new home and other important service messages in this section.

8. View your business electricity supply details

You'll find your electricity supply details clearly listed in one place.

This includes information about your electricity supply for the supply period (the period covered by this bill), and the specific Energy Plan for your business. Plus, this is where you'll find the NMI (National Meter Identifier), a unique identifier linked to your supply address. You may be required to quote this number if you have work carried out on your supply.

9. Find your meter read details here

In this section, you'll find your meter read details, including whether an actual or estimated read has been taken.

These are used to calculate your electricity bill for the billing period. If you have a smart meter, the reading will be a guide only and may not reflect

the total amount of electricity you have used in this billing period. Your bills will be calculated using half hourly intervals of data provided to us.

Under this table, you may also find important messages about your meter, including your next scheduled meter read date, or any issues encountered when gaining access to your site.

10. How we've worked out your bill

We've broken down your electricity charges into a simple structure, so you can better understand how we've worked out your bill.

Under the **previous balance and payments** section, we list any payments you've made, and any discounts we've applied, to show the final balance brought forward to this bill.

The **new charges and credits** section is divided into units and prices for this billing period, according to your electricity rates. We list your new charges for your electricity supply and usage, plus any credits, discounts, concessions and adjustments we've applied to this bill.

The final total amount shown here includes the applicable GST.

11. Find your payment details here

Under the payment amount and due date, you'll see your reference number for your business. You'll need to quote this, when requested, for most payment methods.

If you're paying in person at a post office, simply present your bill so the code here can be scanned to record your payment.

12. Easy payment options

We offer several convenient ways to pay your electricity bill including Direct Debit, which takes the hassle out of paying bills and helps ensure you always pay your business bills on time.
